In 1942, demolition of buildings on the grounds that would house the Gateway Arch were completed. That same year, Safety National began providing workers' compensation insurance. Just as the Arch symbolizes stability and the pioneering human spirit, Safety National and its employees represent the same longevity, ingenuity and work ethic that built America.

TODAY'S WORLD REQUIRES AN INSURANCE CARRIER YOU CAN TRUST will be there when you need it—a partner that exhibits the kind of stability and longevity you can rely on for decades to come. When you need us, Safety National will be there. Safety National's continued expertise and flexibility has led to our designation as a consistent force in workers' compensation coverage for more than seven decades.

Over those seven decades, we have built our position as a leader in workers' compensation by practicing a relationship-focused approach to customer service and listening closely to the needs of our brokers and policyholders. Our loyalty and commitment to superior service has resulted in a steady reputation as a proven, unfailing source for specialized insurance solutions.

Safety National is the leading and longest continual provider of Excess Workers' Compensation coverage in the insurance industry. As it is common for large workers' compensation claims to take five, ten, or even twenty years to reach the retention, it's important that the carrier you select today will be there for the long haul.

Since 1942, we have pioneered new products for the self-insured community and provided uninterrupted service to thousands of employers nationwide. During that time, many companies providing similar products have come and gone, often leaving unpaid claims that can negatively affect the viability of policyholders.

But, longevity is just part of what we offer our policyholders. At Safety National, we continually identify and define trends and emerging needs of the industry and react to provide the best specialized insurance solutions available for our policyholders.

When you move forward with us, you PROCEED WITH SAFETY®.
