

Office Ergonomic Solutions

Online office ergonomic assessment with safety recommendations.

MAP
CLIENT SERVICES

A successful ergonomic program helps to decrease injury-related costs and reduce absenteeism. This online office ergonomic program, powered by Enviance, helps create a culture of health and safety within the workplace directly through self-help tools that empower employees to work more comfortably at their computers and workstations. In fact, 91% of employees who have used this program report that they are working more comfortably as a result.
