

Large Guaranteed Cost Workers' Compensation

As a leading workers' compensation carrier for over 75 years, Safety National® has earned the reputation of providing the best specialized insurance solutions supported by proven expertise and exceptional service. Our approach to large guaranteed cost workers' compensation is no different. We understand that each large employer has a unique business profile. In response, we have assembled a team of specialists and dedicated services to provide each employer with the specific resources they need to best control their cost of risk.

Services & Resources

Underwriting Proficiency:

A clearly-defined appetite enables our uniquely-experienced underwriters to maintain a keen focus on individual account needs and develop flexible solutions for our business partners.

Risk Control Resources:

Safety National has full-time specialized risk control team members available for consultation and offers a complete suite of risk control services to help improve your injury prevention and claim cost containment efforts. These resources are included in our pricing and available to our policyholders, which is a true differentiator in the marketplace.

Claims Expertise:

Our highly-skilled claims team proactively manages and oversees the entire claims process. Their relationship-based approach with policyholders and designated service partners, coupled with timely and open communication, helps to create optimal outcomes. Claims handling services are included in our pricing and are available through our TPA partners: CorVel or Gallagher Bassett.

Additional Support:

- Access to Medical Management Services
- Safety National Crisis Protection® up to \$50,000 for a qualifying "crisis event"
