

CAPTIVES

For over 80 years, Safety National® has been working side-by-side with customers that adopt and manage alternative risk financing strategies. By combining our expertise with a deep interest and understanding of customer needs, we are able to tailor optimal program solutions.

A risk-sharing partner is critical to the success of many captives. As a result, Safety National takes a consultative approach to fronting, risk transfer, reinsurance and risk control. Each suite of services is designed to maximize our contribution to your risk-financing strategy.

Your Risk-Sharing Partner

- Safety National offers both admitted and non-admitted paper, providing a broad range of rate and form flexibility.
- Available coverages include:
 - » workers' compensation
 - » auto liability
 - » commercial general liability
- We align our interests with yours, retaining a portion of each account.

Custom Program Design

- Each account is individually priced based on services provided.
- Our unbundled approach provides the flexibility to choose your preferred service providers from our approved list.

Also Available

- Access to risk control services.
- Rent-a-captive options.
