

School Risk Management Network

Manage the toughest risks that schools face today with direct access to top service providers in the industry. Safety National's clients receive substantial discounts towards the following list of resources and will cost share by funding a portion of access for K-12 policyholders with general liability or educators legal liability coverage.

RISK CONTROL

Student Crisis Intervention

Available through the Crisis Prevention Institute (CPI)

Training programs for various risk atmospheres – ranging from low, medium, high and highest – that help all educational professionals prepare for and reduce crisis situations. Each course features evidenced-based strategies and techniques, focusing on the care, welfare, safety and security of all students and staff.

EmployeeSafe Program Suite

Available through PublicSchoolWORKS

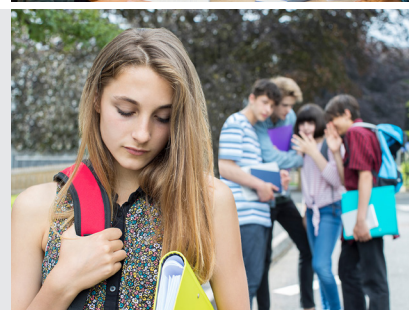

This one-stop school safety solution offers robust training, document libraries and reporting systems. Customizable to meet unique school district needs and updated regularly, it provides districts with peace of mind that they are always current with regulatory mandates, board policies and best practices in school safety.

Adult Sexual Misconduct (ASM), Bullying, Violence Risk Control Programs

Available through PublicSchoolWORKS

Help students become vigilant to identifying and reporting ASM incidents, bullying and threats of violence when they occur. Programs include a collection of systems, processes, activities, resources and training available to manage tasks like reporting, inspections, postings, drills, investigations, assessments and recordkeeping.

Student Accident

Available through PublicSchoolWORKS

This system helps implement data-driven solutions to prevent, prepare and respond to student and visitor injuries and incidents. The award-winning platform automates reporting, tracking and management of accidents, including online documentation of administered first aid, investigations, witness statements and other follow-up activities.

Incident Management

Available through STOPit Solutions

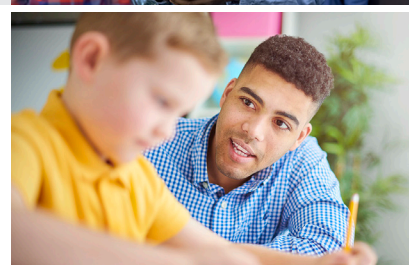

This anonymous reporting and incident management solution helps to deter inappropriate behaviors in schools, allowing students and staff to report behaviors such as bullying, sexual misconduct, threats, mental health issues and other safety concerns, providing the infrastructure to monitor and report these incidents.

Training & Advantage e-Learning

Available through PROACT®

Behavioral crises in school create trauma, interrupt learning and increase the risk of physical injury to students and teachers. Informed, confident staff are less likely to overreact and more capable of creating safe outcomes. Equip them with the training to reduce or prevent these incidents through these crisis de-escalation and restraint reduction offerings.
